

REQUEST AND AUTHORIZATION FOR RECORDS DISPOSAL OR DESTRUCTION FORM INSTRUCTIONS

If retention schedule additions or deletions are needed contact any Committee member.

If records are not found on a Local Government Retention Schedule, refer to the Request for Change in Records Schedule form.

FILLABLE FORM

A fillable form is an enhanced Word document that allows you to quickly and efficiently fill out a standardized form.

Once you open up this document, your cursor will go to the first form field. Type the information required. Then use your Tab key to go to the next question.

Some of the form fields have pulldown menus. Once you have tabbed into the form field, you'll get a list of choices. Simply click your choice and tab to the next field. Another way to do this is to click on your Down arrow, make your selection, and then hit the Enter key.

This form isn't magic and it might not work for all situations. If you should have any problems, please call Records and Information Management at (406) 444-9000 and we'll be glad to help you.

On the **Forms** toolbar, click on the icon that looks like a *lock*, and you'll then be able to use SpellCheck.
